

Instructor's Report:

Huge thanks to all our instructors for 2021, you guys have stood up, helped fill in the gaps, taken on new roles with new class ideas. At the start of 2021 we had *Covid Catch Class* up that Susan helped with and Amanda took on the extra foundation class we ran.

Sarah as mentioned before took on Tricks training which was amazing.

Our novice instructors each week have to plan their own skill to teach, this gives each team some individual skill training and all of you have done an amazing job and I'm sure it has also taught you guys a lot too.

All our instructors are amazing they are positive, helpful, they give it their all and to the best of their abilities and it really makes for a great place to train.

Committee wanted to do something to acknowledge our instructors and the dedication they give to our club, so we arranged Tugs as a present thanks to Julia Lewis "Tilz Tugs" these are amazing quality tugs and thanks to Julie Chapman for arranging them. Also our instructors should have got a bag of dog treats thanks to "Just Pawfect" for them and Danielle for arranging them as a little extra for our instructors (*well their dogs*).

We want to thank Laura for her years as instructor as she takes a break and to welcome our new instructors, Melissa & Judy.

I love how our instructors all work together to help each other out when needed and they just get the job done it really makes for an amazing team effort.

Let's keep rockin on in 2022.
